

When Comp'ny Comes.

SOMETIMES my sister Mabel, who's grown up, looks almost like a fright. She wears a pair of ma's old shoes...

They were on their honeymoon. He had bought a catboat and had taken her out to show her how well he could handle a boat...

The Voice of Experience.

Little Ethel (with an eye to business)—Suppose, Tommy, you were to give me the choice of those two apples of yours...

Hard to Tell. The worried professor wrinkled his weary brow as he read over the slip he held for the twentieth consecutive time...

Domestic Bliss. "Of all my woman friends," remarked the spinster, "I know of only one who is happily married."

Judicial Wisdom. "No," said the gray haired judge, "I'm not in favor of women on juries."

Reasonable Suggestion. Binks—I believe that Mary does not love me any longer.

As a Listener. She—Judging from the slowness of your friend's speech, I should say he isn't accustomed to much talking.

Morning Astorian, 60 cents per month, delivered by carrier.

Noisy London. Modern cities are not as noisy as those of other days. For example, in London in the time of King George II. the streets were still cobbled and the pack horse of Elizabethan memory had been replaced by heavy carts and wagons...

The Modern Way. "My dear, you must really take Freddy in hand about the way he uses slang. Today he asked me what entomology was, and I told him the sentence of bugs."

Warned. "Don't you want me to bestow a little money here and there," said the trusty lieutenant, "so as to get you a reputation as a philanthropist?"
